Subject: Microsoft Settlement

To whom it may concern:

I hereby voice my objection to the proposed Microsoft settlement. It will have the opposite effect intended. It will help Microsoft have even a more of a monopoly, by taking away education business from Apple. Furthermore, it does little to thwart Microsoft's continued monopolistic practices.

What really needs to be done is to completely break-up the company - isolating the operating system from the rest of their software products.

Thanks for listening.

Sincerely,

Mr. Philip
